Mechanism to display circuit diagrams in pdf format (noneditable) for customers to access. Tab for access to test results (if appropriate).

Under Main>Services>Phones - When looking up Charges for a number, all closed charges for the number would beat the bottom of the list. For us, look at 3149355004, I would like the open charges to be on top. Right now, the charges are sorted by beginning date. Unless, there is a way to do this and I haven't found it yet."
